The Anne Arundel Economic Development Corporation (AAEDC) manages and promotes agricultural development by working with state and local agencies to promote products, create new programs and educational opportunities, and expand markets for agri-business. This program is part of the AAEDC mission to serve business needs and to increase Anne Arundel County's economic base through job growth and investment.

The Farm Equipment Rental Program is made possible through a grant provided by the Southern Maryland Agriculture Development Commission (SMADC)

www.aaedc.org

Equipment Rental Process

All Anne Arundel County farmers are eligible to participate in the equipment rental program.

1. Renters must contact AAEDC and complete/sign rental forms to rent equipment
2. AAEDC will verify insurance coverage and schedule rental dates (first come, first served)
3. AAEDC will contact T&C Farm Service and provide rental request along with appropriate contact information
4. T&C will arrange with renter for pick up & return of equipment
5. T&C prepares equipment for pick up
6. Renter picks up equipment and uses for specified time period. Equipment must be returned on the date specified
7. T&C provides instruction on proper use of equipment
8. Renter cleans and greases each piece before returning to T&C
9. T&C inspects equipment when returned
10. Rates are subject to change

RAIN POLICY – Renters will be charged for every day the equipment is rented, rain or shine. Prior to pick up, renters can re-schedule for the next AVAILABLE date according to the schedule.

REPAIRS – T&C Farm Service is responsible for all repair work on equipment. Under no circumstance should renters attempt to repair equipment. The cost to repair equipment made necessary during the lease period (beyond normal wear and tear) is the responsibility of the renter, including parts and labor.
